ELIS Public Hearing 4 (Groton, evening) Transcript DRAFT (20Jun16).pdf  
ELIS Public Hearing 3 (Groton, day)- Transcript DRAFT (20Jun16).pdf

Hi Jeannie,

Please see attached the transcripts for Hearings 3 and 4 (Groton). I did only a very cursory review at this point, and will review the transcript in detail over the next 3 days (as I did for the Mattituck transcript). Please review these transcripts as well; I will compile all edits (EPA/USACE/mine) when available, into a single document, which I will then send to the transcriptionist for a revised version.

Thanks,

Bernward

**Subject:** Transcripts: Mattituck - ready for EPA/USACE review

Hi Jeannie,

Please see attached the Transcript for the Mattituck meeting. I went through it in detail and added my edits in red. I also checked the voice recording for several sentences and paragraphs to make sure the transcribed words match the spoken ones from the meeting. Please review at EPA (and ask the USACE) and add your edits. The version with all edits compiled will then be sent to the Transcriptionist for a revised version.

I expect the Groton transcripts today, and will do an initial review and then send them to you for parallel in-depth review.

The Riverhead transcriptionist is doing some final check; just communicated with her this morning. I hope to have her transcript tomorrow, but are still waiting for her firm confirmation.

Thanks,

Bernward

**Subject:** RE: firm date on transcripts

Great thanks Bernward.

Yes, I agree, I would expect a week turnaround for the review by us and the Corps. Thanks!

So, it should be okay if I tell folks (I need to give them a head's up) that we expect to have the transcripts available for review next week.... ?

**Subject:** RE: firm date on transcripts

Hi Jeannie,

...here is the status on the transcripts:

- 25<sup>th</sup> eve: I received the transcript yesterday; I am reviewing it right now (it looks pretty accurate so far) and send you my version by Sunday so that you and the USACE can add your edits on top of mine for a revised version by the transcriptionist.
- 25<sup>th</sup> day: I requested a firm delivery date (preferably today or this weekend) from the transcriptionist this morning. The last time we communicated, she was doing QA. I will let you know the response as soon as I receive it.
- 26<sup>th</sup> (day/eve): Expected on Monday (per confirmation from the transcriptionist this morning). I will send both transcripts to you upon receipt and plan to review them at the same time as EPA and the USACE.

The date for submitting the Hearing Report will depend on the length of time for the review by EPA and the USACE, plus the time for edits. If edits are minor, I would allow one week for turn around by the transcriptionists. The rest of the report (i.e., everything, except for final transcripts) will be ready for your review by Wednesday; I will forward it to you by then, so that we just need to add the final transcripts when ready to save time.

I hope this works. Thanks,

Bernward

**Subject:** firm date on transcripts

Hi Bernward,

I made a commitment at the public meetings that the transcripts and reports from the meetings would be available on the website within a month and that was including time for review of the draft report.

I am going to issue a press release and need to have a firm date from you on the availability of those reports for upload to our site. I also need a "heads up" so I can let everyone know when to expect to have the report to review since people are taking vacations etc.

Please let me know when EPA will receive a draft to review and if you can, please try to have it no later than MOnday

Thanks, jeannie
